GRATEFUL-COMORPTING. EPPS'S COCOA. BREAKFAST.

"By a thorough knowledge of the natural laws which govern the operations of digestion and natrition, and by a careful application of the fine properties of well-selected Cocca, Mr. Epps has provided our breakfast-tables with a delicately flavored beverage which may save us many heavy dectors bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maiodice are flowing around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortined with pure blood and a property nourished frame."—Civil-Service Garacte.

Made simply with boiling water or milk. Sold only in half-pound this by grocers, labelled thus:

Homosopathic Chemists, London, England, fe 16-Th, Sa&Tuly

NOVA-SCOTIA LAND PLASTER, the cheapest fertilizer known. For clover, timothy, corn, and tobacco-plants it cannot be equalled. It is worthless unless fresh ground. I have the only mill in the city, and grind fresh se ordered.
